SUHANI SARAN

Data Analyst | *Data Analytics & Insights* | *Process Automation*
suhanisaran.18@gmail.com | +91-7417990962 | Gurugram, India | linkedin.com/in/suhanisaran0108

OBJECTIVE

Motivated Data Analyst with 1.5+ years of experience at Whilter.AI, seeking to leverage expertise in data pipelines, Power BI dashboards, and cross-functional stakeholder collaboration to drive data-driven business outcomes. Skilled in Python, SQL, and process automation across BFSI, travel, and fintech domains.

EDUCATION

B.Tech in Computer Science (AI & Data Science) | *Chandigarh Group of Colleges, Landran* | *2021 – 2025*
Key Subjects: Machine Learning, Data Structures & Algorithms, Database Management Systems (DBMS), Data Mining & Warehousing, Artificial Intelligence, Operating Systems (OS)
Higher Secondary (12th Grade) | *Holy Angel's Convent School, CBSE* | 2021
Secondary (10th Grade) | *Holy Angel's Convent School, CBSE* | 2019

PROFESSIONAL EXPERIENCE

Data Analyst & Solution Engineer | **Whilter.AI** | *June 2025 – Present*

- Analyze 100K+ customer records and design end-to-end data pipelines (~99% accuracy) to power AI-generated personalized video campaigns for enterprise clients across BFSI, travel, and fintech sectors.
- Build Power BI dashboards for 5+ concurrent projects, delivering real-time insights on campaign performance, scalability metrics, and data quality to cross-functional stakeholders.

Data Analyst & Solution Engineer (Intern) | **Whilter.AI** | *Nov 2024 – June 2025*

- Cleaned and structured raw datasets for AI-driven video generation workflows, improving pipeline efficiency by 40% and supporting personalization accuracy across client campaigns.
- Developed Power BI dashboards to present data insights and support data-driven decision-making for internal and client-facing teams.

KEY PROJECTS

IDFC First Bank – Multilingual Loan Offer Lip-Sync Videos | *Mar 2026*

- Standardized Hindi & English name datasets for AI lip-sync generation at scale; built Power BI dashboards tracking data accuracy and campaign output metrics.

IDFC First Bank – Personalized Year-End Wrapup | *Dec 2025 – Jan 2026*

- Cleaned and structured 100K+ customer financial records; designed data workflows for personalized microcard video generation, reducing manual data errors by ~30%.

Aditya Birla Housing Finance – Live Data Automation | *Oct 2025 – Nov 2025*

- Built real-time automation system where live customer data uploads trigger personalized video generation, reducing manual intervention by ~50%.

MakeMyTrip – Multi-Region Personalized Travel Campaign | *Aug 2025 – Oct 2025*

- Managed data processing for 50,000+ personalized travel videos across 10 Indian states and 6 international destinations; optimized workflows for high-volume content generation.

PolicyBazaar – Fund Performance Video Automation | *Apr 2025*

- Processed large-scale mutual fund datasets to support lakh-level automated video outputs; tracked campaign performance via Power BI dashboards.

SKILLS

Python, SQL, Power BI, MS Excel, Data Cleaning, EDA, Data Pipelines, Data Transformation, Dashboard Development, KPI Reporting, Predictive Modeling, Feature Engineering, Requirements Gathering, Stakeholder Management, BRD/FRD Documentation, Gap Analysis, UAT, Agile, Scrum, JIRA, Confluence, MS Visio, Figma, Canva, Claude (Anthropic), Claude Code, ChatGPT, Cursor AI, HTML, CSS, Django, LangChain

CERTIFICATIONS

Machine Learning – Stanford University (Coursera) | Python & Data Science – NIELIT | Power BI – Microsoft (Coursera) | Advanced Excel – Udemy | Full-Stack with Cursor AI – Udemy

STRENGTHS & HOBBIES

Strengths: Analytical Thinking, Leadership, Problem Solving
Hobbies: Exploring Tech Tools, Listening to Music
